

ADITYA PARMAR

AI & Software Developer | BCA (AI & ML)

Dehradun, Uttarakhand, India | +91 8218077609 | adityaparmar0002@gmail.com

LinkedIn: linkedin.com/in/aditya-parmar-ai

PROFESSIONAL SUMMARY

BCA student specializing in Artificial Intelligence and Machine Learning, focused on building and deploying real software products. Hands-on experience with Next.js, React, TypeScript, Supabase, Firebase, SQL, REST APIs, Git, GitHub, and Vercel. Interested in AI Engineer, Software Engineer, and Full Stack Developer internship opportunities.

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, SQL

Frontend: Next.js, React, Tailwind CSS, HTML, CSS

Backend & Data: Supabase, Firebase, PostgreSQL concepts, REST APIs

Developer Tools: Git, GitHub, Vercel, VS Code

Core Strengths: Debugging, problem-solving, live coding, database integration, deployment

PROJECTS

Developer Portfolio — Next.js, TypeScript, Supabase, Vercel

- Built and deployed a responsive developer portfolio with project, blog, resume, and contact sections.
- Integrated a production contact form with Supabase and Row Level Security policies for controlled public inserts.
- Configured environment variables for local and Vercel production deployments and verified end-to-end message storage.

CoachSetuX — Marketplace Platform

- Developed a marketplace concept connecting coaches, mentors, partners, and administrators through role-based workflows.
- Worked on authentication, dashboard structure, role selection, onboarding, and database integration using Supabase/Firebase.
- Designed the product around a clean, scalable SaaS-style user experience.

PattharWale — Construction Materials Platform

- Worked on a web platform for exploring construction materials, estimated market pricing, labor options, and project examples.
- Connected product and service requirements with practical web UI and deployment workflows.
- Used modern web development tools to iterate on product content, structure, and user experience.

EXPERIENCE

Programming Tutor / Independent Technical Mentor

- Teach programming fundamentals, debugging, problem-solving, and live coding through practical examples.
- Guide learners on development workflows including Git and version control concepts.

EDUCATION

Bachelor of Computer Applications (Artificial Intelligence & Machine Learning)

IMS Unison University, Dehradun | Expected 2028 | CGPA: 7.0/10
